### Draftees Wanting To Leave Territory Must Tell Green

For the purposes of keeping a man's record clear, Major Francis Green, of the draft board, will require every person of draft age who intends to leave the Territory, to report to him, and he will be the deciding factor as to whether or not the person may rightfully go

to other parts of the country.
Major Green is reported to have stated yesterday that he had already refused permission for some men to power is that given by section 2233 leave. All are required to state who of said chapter to make recommendatheir relatives are on the mainland even give names of friends and acquaint ances, and all sorts of information is

Major Green left for Kauai last night and will return Sunday.

Despite the assurances of Major Green

early in the month that the draft in Hawaii would take place about the middle of this mouth, and then toward the latter part of it, the draft may not be held until about the time the congressional party arrives from the mainland the first week in November. No reason for the repeated postpone-ment of the draft has been assigned by the local board.

### **AUTO CLUB OFFICERS**

Officers for the ensuing year were elected for the Honolulu Automobile Club at the meeting of the recently elected board of directors held yester-day noon. J. J. Belser was named president; J. S. McCandless, vice-presdent; 1. II. Underwood, secretary and R. B. Booth, treasurer,

"However, if the authorities remain."

"However, if the authorities remain firm Captain Filmer will be forced to resign, giving his position to the Japan-ese. For nearly thirty years Captain Filmer has been one of the best known Filmer has been one of the best known akippers on the transpacific service. Many of his friends both in the United States as well as in the Far East will greatly regret the change. The only chance that he will return to the Orient is that he will come in command of one of the unsubsidized T. K. K. liners.

"Because the government in Tokio grants annually a considerable subsidy to run both the Tenyo Maru and the Shinyo Maru, the authorities control en-tirely all affairs, including the appoint-ment of the officers on these two vessels. Owing to the fact that the T. K. K. has engaged in transpacific shipping for more than twenty years with annual subsidy from the government, the au-thorities in Tokio believe that this firm is now able to operate its line without the service of foreign skippers, pursers, chief stewards, and surgeons, who are most responsible officers on the liners.

"Considering the fact that a large percentage of saloan and second class passengers on these two vessels are either Americans or Europeans, it has been essential for the firm to retain all these officers, for their popularity has much to do with the prosperity of the firm, according to T. K. K. officials.

#### PASSENGERS ARRIVED

The army total shown above is not tae full amount subscribed, as Colonel Lucius Durfee telephoned in to the committee yesterday afternoon that Schofeld's quota had reached \$750,000, as would be an even million before Wednesday. This increase adds about \$22,000 to the figures given above. The practical patriotism of the army shows out clearly in their action in regard to the Liberty Loan. There has been no coercion nor undue urging to obtain subscriptions. The easy payment plan and the advantages of possessing one or more of these bonds have been explained to the men, and the resulting subscriptions have been entirely voluntary.
